RICH STAKES FOR KENTUCKY

COMING SEASON WILL SEE THE RENEWAL OF TWO \$10,000 ADDED RACES.

Churchill Downs Management Announces Running of the Kentucky Derby, May 8., and Kentucky Handicap Will Follow at Douglas Park.

Louisville, Ky., December 12.—The coming season will again see two great races run in Louisville, each carrying an added value of \$10,000. These events are the classic Kentucky Derby, always decided at Churchill Downs, and the third running of the Kentucky Handicap, which will be decided at Douglas Park.

The Kentucky Derby of 1915 will be run May 8 and the Kentucky Handicap on May 22.

The Kentucky Derby the coming season is likely to have the greatest array of entries ever nominated for this rich stake. M. J. Winn, manager of the New Louisville Jockey Club, and Charles F. Grainger, president of that racing association, have had the assurance of many leading eastern turfmen that they will make nominations for the Kentucky Derby the coming season and it is reasonably certain that all the crack two-year-olds of 1914 will be nominated for the forty-first running of this great event, first won by Aristides in 1875. Among the nominations expected to come from the east for this event, which probably will be worth \$15,000, are those of Comely, Pebbles, High Noon and Last Coin, four sensational performers of the past season. In the Kentucky Handicap, which was won by Senator J. N. Camden in 1914, Chalmers, which won eight races during the season, including the Harold Stakes and Fort Thomas Handicap at Latonia; Sea Shell, the star two-year-old in the stable of R. J. Mackenzie, and Emerson Cochran, winner of the Cincinnati Trophy and other good races. It is regarded as a certainty that the nominations for this stake this season will exceed those of any year, since entries to this Kentucky classic have been closed when the eligibles were three-year-olds.

Of all the races now run in America, the Kentucky Derby possesses an interest and sentimental value second to none. It enjoys an unbroken history for one thing of more than four decades, and its winners and contestants have made turf history all over the world. It has been rare indeed that an ordinary horse has succeeded in winning the Kentucky Derby, and some of the greatest performers the American turf has known have carried the silks of their owners to the front in this event.

The great array of three-year-olds which will contest the Kentucky Derby the coming season will have additional opportunities to win fame and a fortune for their owners in the later big Kentucky races, the \$15,000 Kentucky Handicap and the \$10,000 Latonia Derby. Manager John Hachmeister, manager of the Douglas Park and Latonia Jockey Clubs, made a happy stroke in establishing the Kentucky Handicap as the big feature race for the spring meeting at Douglas Park, as it has generally drawn the cream of the Derby contestants to the post, in addition to the older stars.

The Latonia Derby is run after both of the earlier big races and is sure to have a bigger array of entries when it closes next March, as it is the first of the important three-year-old events in which penalties and allowances play a part.

ONLY JOCKEYS TO PAY LICENSE FEE.

New Orleans, La., December 12.—Jockeys, and no others connected with the racing here this winter, will be required to pay a license fee, it was announced today by Joseph A. Murphy, who will be manager and presiding judge. Mr. Murphy issued the following statement:

"Every trainer, jockey and valet will be compelled to take out a license to take part in the New Orleans Business Men's Racing Association winter meeting. Applications for licenses must be made out in due form and endorsed by any two reputable trainers, and will then be passed upon by the Executive Committee of the Association. This plan of procedure has been adopted so that we may be certain that nobody shall have any privileges at the track who is in bad standing with other reputable associations of the country.

"No charge will be assessed in connection with issuing licenses except for jockeys. Five dollars will be required for each jockey's license. This amount will be used in maintaining a capable physician or surgeon who shall attend the races daily so that he can be on hand in the event of any accident to the boys and administer prompt and efficient treatment.

"New Orleans is in an extraordinary position in the racing world today," continued Mr. Murphy. "She is monarch of all she surveys. The jurisdiction of the Eastern Jockey Club doesn't reach this territory, and the Kentucky Racing Commission, of course, has no jurisdiction outside of its own state. It is probable that, with the revival of racing in St. Louis and other points, a governing body will be organized to maintain supervision in turf matters for the West and South, with New Orleans as the pivotal point, but for this winter, at least, New Orleans must stand alone."

KENTUCKY ASSOCIATION ELECTS OFFICERS.

Lexington, Ky., December 12.—The Kentucky Association stockholders, at their annual meeting here today, selected Messrs. Catesby Woodford, O. H. Chenault, G. D. Wilson, Johnson N. Camden, Hal Price Headley, R. L. Baxer, T. C. McDowell, Matt J. Winn and Allan B. Gallaher as directors, all having been re-elected with the exception of Mr. Gallaher, who takes the place of Judge David Gray Falconer. The directors in turn re-elected Catesby Woodford president, O. H. Chenault, vice-president, and G. D. Wilson, secretary. President Woodford announced that he will name his committees next week.

Secretary Wilson reported to the stockholders that \$21,000 had been expended in improvements this year, making a total of \$116,000 in improvements since the purchase of the plant from Captain S. Brown's estate. It was voted to double the stock, if it can legally be done, inasmuch as it is considered that the improvements belong to the stockholders and that they were made instead of declaring dividends. The dividend this year was ten per cent, but there were several years in which no dividends were declared and the stockholders went into their pockets to make up deficiencies. It was suggested by one of the stockholders that the directors should increase the salaries of the secretary, track superintendent, and others who have been working for nominal sums.

The directors will take up the matter of stakes for the next spring meeting at an early date.

TIMELY GOSSIP FROM JUAREZ.

Navidad Handicap, Value \$1,500, to Be Christmas Day Attraction at Mexican Course.

El Paso, Tex., December 12.—The next stake event at the Jockey Club Juarez winter meeting now on is set for Christmas Day, which comes this year on Friday. It is the \$1,500 Navidad Handicap, one mile, for all ages. Several good racers are now being especially pointed for this race by their trainers. The entries include Executor, Plit-away and Brynlinah, in the stable of F. S. Hackett; Grover Hughes, now being trained by J. Unen-setter; Ghetto Girl, owned by the new racing firm of Corrigan & McKinney; J. W. Fuller's veteran gelding injury; J. M. Henry's Grosvenor; Jefferson Livingston's First Venture and Florin; R. G. Martin's John Reardon; J. H. Mead's Brookfield; T. H. Ryan's Rash; Mrs. J. Stilling's Hecolir; S. Veiller's Christopherine; W. J. Weber's Furlong; F. D. Weir's Ringling; winner of the Louisville St. Leger last fall; W. G. Yanke's Gipsy Love, Old Ben and Willite, and J. N. Monnee's Fort Sumter.

Secretary Ed Jasper will announce the weights for this stake on Tuesday, December 22. As it is, a well-balanced lot of horses and as no one or two of the eligibles stand out over the others, the field promises to be the largest in numbers that has faced the barrier in the history of this event.

Secretary Jasper has just announced the conditions of several two-year-old stakes to be run here after January 1. There is always keen interest in the juvenile stakes run here, which usually develop one or more stars that shine later on in the more important juvenile racing of the east. Among such performers may be mentioned Calise, Pan Zaretta, Hawthorn, Old Rosebud, Last Coin and Climber, all of which have made turf history of much merit since they first appeared on the Jockey Club Juarez track.

There are many finely-bred and promising yearlings in training here this season and it would be no great surprise if some of them from among this collection should make the crack two-year-old of the American turf in 1915.

A. G. Dunlap expects to dispose of the three horses he has here at private sale before the year is out, so he can return to Los Angeles, where his wife is in a critical condition of health. Mrs. C. H. Shilling has made Mr. Dunlap an offer for his two-year-old Stolen Auto and he does not anticipate having any trouble in selling the two-year-old Air-line, which has several winning races to his credit this season. The only other horse he at present owns is the three-year-old filly Ambri, with which he has won seven races since she has been a member of his stable. Trainer C. W. Carroll, who has charge of A. B. Sprackels' big string of horses, has informed Dunlap that he will buy Ambri from him when he is through with racing her. She was bred at Napa Stock Farm and Mr. Sprackels wants her for a broodmare, she being a richly bred daughter of Puryear D. and Priceless Jewel, by the Kentucky Derby winner, Plaudit.

J. C. Ferris, of Nashville, Tenn., has one of the largest stables of horses he has had under his care in recent years at present at the Jockey Club Juarez course. There are fifteen in the string and only two are yearlings, both of them being fillies by the Kentucky Derby winner, Sir Huon. The other thirteen are Nicias, Dalston, Vlander, Felina, Alda, Vesta, Thaka, Rhodes, Lenore, Fred T. Hester, Magician and Vivia. Several of the members of Ferris' stable are two-year-olds that he secured in Kentucky recently out of the big training stable of the Louisville turfman, George J. Long. Ferris has had a good season this year with his string, having headed the list of winning owners at the Denver and Anconer meetings. Several of the members of his string will not race here before the first of the year.

Ike Striker has secured a contract on the apprentice rider John Mulhare, who has not as yet ridden a winner. This boy is 19 years old and has been exercising horses for two years. He can ride as light as 92 pounds and Striker holds a long contract on his services.

Allen & Hensley have quite a string of horses this season at the Juarez course. There are thirteen in the stable, four of which are yearlings, all by Rapid Water. These youngsters have been named and are as follows:

Alice Milrow, br. f. out of Alice Young. Clumsy Kate, br. f. out of Zinda. Mary Browne, ch. f. out of Cutaneous. Rapid May, ch. f. out of Mae Erwin.

The first named is a sister to J. Livingston's good three-year-old, Bob Hensley, which, by the way was recently gelded at Louisville. The other members of this stable are George Oxnard, Tiger Bill, Andy H., Bill Webster, Bill Hudson, Nadine H., Velma B., Twin Sister and Elsie B. It is the biggest stable this firm has had in training for several years.

Ida, which finally got out of the maiden class here in her first start at Juarez, is a sister to the Latonia Derby winner Joe Morris. She is a filly of exceedingly bad track disposition, and trainer F. D. Weir would long ago have sold her had it not been that he named her for his wife and hoped to win at least one race with her before he let her go. As a yearling she was highly promising. Tower, another from the Weir stable that was here for the first time, was as big a disappointment to this trainer this season as was Ida, he being out of the great race mare Lambert, a brilliant performer in the colors of the late J. R. Keene and a member of Marcus Daly's famous Bitter Root Stud. J. E. Madden purchased her at Marcus Daly's closing out sale and bred Tower.

Jockey Joe Kederis is here and has taken out his license to ride, but so far has not accepted many mounts. He is in good condition, but rather heavy at present and is not disposed to worry himself by excessive reducing. This California rider has shown thrift since he made a success as a jockey, and is said to have a bank account of more than \$25,000 in California with which to make investments within the next few years. Kederis' father is a well-to-do mining man. Another rider who has ridden but little at Juarez so far this winter, but is, like Kederis, independent so far as money is concerned, is the Texas boy, George Molesworth, who, it is reported, will soon take to himself a bride, he being engaged to a young lady living in Vancouver, B. C., where Molesworth met her last summer.

The contract that A. B. Sprackels holds on jockey J. Metcalf has a year and a half yet to run, but that Metcalf has no difference, as this rider will never leave the employ of the California turfman as long as he desires his services. Metcalf was born on Mr. Sprackels' Napa ranch in California.

GOSSIP FROM BLUE GRASS REGION.

Lexington, Ky., December 12.—Grover C. Hughes this week sold the two-year-old Goudelino to Dillard Hill, who will race at New Orleans. Hughes is getting together a string for 1915 racing. He this week took up the three-year-old Dilmitri, a son of Peter Quince and Vly, which has never been trained, the two-year-old Grumpy, by Canopus—Florentia, and the yearling chestnut Billy Method, by Hurst Park—La Josephine, which he purchased a few days ago from Miss Elizabeth Daingerfeld.

Tom Harmon has taken up and is breaking Fred Foster's yearling bay filly Eulogy, by Fair Play—St. Eudora.

Divination (dam of Abdivia and Forecrest), was sold this week by John D. Carr to Peter McKinney, who has decided to increase the number of broodmares in his Wicklife Stud at Kingston Farm. He now has thirty-seven mares.

HAVANA MAKES BID FOR PATRONAGE.

Program Book for First Eight Days of Racing in Cuban Capital Provides For Valuable Handicaps.

Charleston, S. C., December 12.—The program book for the first eight days of the Cuba-American Jockey Club's winter meeting of seventy days at Oriental Park, Havana, has been received here from Manager H. D. Brown. It is now in the hands of the printers, and will be issued to the horsemen here and at New York and Kentucky points next Tuesday. The jockey club's inaugural offerings to the horsemen are the most liberal of any winter race meeting in America.

At the same time that the book is issued to the horse owners and trainers, the complete list of officials for Oriental Park, and other important details will be announced by Treasurer Charles Lansdale and Auditor Frank J. Bruen, both of whom are now at Palmetto Park in close touch with horsemen who intend to race at Havana.

During the first eight days, from January 7 to January 15, inclusive, handicaps with unusually liberal offerings for overnight races abound. There are five \$600 handicaps, one \$800 handicap, and two \$1,000 handicaps. The other offerings are all \$500 purses. Thus Manager Brown has established the policy at Oriental Park at the outset of a new high mark in liberality toward owners during the winter months.

The builder of City Park, New Orleans; Moncrief Park, at Jacksonville, Fla., and of the Laurel track, in Maryland, is sanguine that when turfmen and others view Oriental Park for the first time, they will be amazed at its magnitude and its general air of completeness and splendor.

With the course proper completed and now in condition to work horses over, the finishing touches being put on 800 stalls at the plant, and the grandstand well on the way to completion, work is proceeding apace on the clubhouse, which Manager Brown hopes will be the last word in exclusiveness in the line of entertainment at a race course. The cost of the clubhouse alone is \$50,000, while the immense administration building, pari-mutuel enclosure and betting ring, all under one roof, will make of Oriental Park a landmark visible for miles on either side of Mariano, the Havana residential suburb in which the track is located.

Already some of the biggest stables at Palmetto Park are ready with their shipping plans. Harry White and W. W. Lyles, who have been compiling a list of the horses for shipment to Havana for the past fortnight, have completed arrangements by which the horsemen will obtain an unusually low rate in shipping their stables from the Palmetto Park trackside direct to Havana, via Key West, Fla.

TEXAS ARRIVALS AT NEW ORLEANS.

New Orleans, La., December 12.—Texas horsemen will be well represented at the winter race meeting at the Fair Grounds track. Several who have been here for some time were joined by five more today. The newcomers and their horses were: D. B. Freeman, with Great Friar, Ora McGee, Roseburg IV., Smoky Dan, El Pato, and Monument; J. W. Koseth, with Lucy March; V. Hooks, with Rake and Marchalong; G. W. Billerman with W. C. West, and R. Morse, with Miss Daniels and Lily May.

This runs the total of the horses now at the track to more than 200. Dr. J. S. Tyree's string, from Washington, and that of Ed Moore, from Nashville, will arrive shortly, and this will send the number here to over 250. This would alone be deemed sufficient in some cases to conduct a meeting, but New Orleans will see nearly 800 horses here this winter, it is thought.

The exodus from Charleston will begin Christmas Day, and more than 400 will be shipped here from the South Carolina city. There, with the many others which are being kept on the farms of their owners in Kentucky and elsewhere till the latter part of the month, will fill the stables of the Fair Grounds to overflowing.

With the horses shipped from Charleston will come many of the jockeys who are now riding there, including G. Burns, C. Fairbrother, H. Chappell, S. Davis, F. Teahan, J. Henover, W. Garza, A. Nicklaus, H. Smider, F. Keogh, E. Tice, V. Rightmire, T. Nolan, C. Turner, E. Ambrose, F. Moore, C. Van Dusen, D. Lindsay, J. Connors, J. Harrington, J. McTaggart, J. Dreyer, D. Hoffman, J. Smyth, F. Winkler, W. Himpfy, F. Robinson, E. Pool, F. Coleman, R. Shilling, W. Lilley, R. Mason, A. Collins and J. Pollard.

J. H. Moody has arrived with Nila and Cloak. W. E. Suges has written from Highlands, N. J., to ask for stall room for four horses which he will ship here next week.

A. N. AKIN WINS A STAKE

R. P. DODSON'S ALGOL GELDING SCORES IN PALMETTO PARK FEATURE.

J. B. Harrell Acts as Pacemaker in the Early Running, but Weakens in Stretch—Another Poor Day for Favorites.

Charleston, S. C., December 12.—The St. John Hotel Selling Stakes of \$1,200, for two-year-olds, at five and a half furlongs, was the outstanding offering of today's card at Palmetto Park, and it resulted in a victory for A. N. Akin, well supported by his connections, over the favorite, J. B. Harrell, with Valas in third place. J. B. Harrell, with his customary style, essayed the pacemaking, and after disposing of Pierrot, which kept him company for the first three furlongs, appeared likely to achieve an easy victory, but in the last sixteenth he weakened fast and A. N. Akin, running to his best form, had no difficulty in beating him by two lengths. Valas, from a slow beginning, closed up ground in resolute style in the stretch and finished fastest of all.

Those who pinned their faith to the first choices or strung along with the "wise" set again experienced a disastrous session, for Black Chief in the third race, was the only one to score for them. The overthrow of the choices began in the opener when Pat Gannon failed to land better than third, Tiger Jim winning handily from Bunice. Stubborn, backed to odds-on in the second, fell an easy victim to Col. Tom Green and St. Charlotte, the former winning by a comfortable margin. Trainer Will McDaniel tried to uncover a good thing in the fifth in William Gerst's Zali. The colt was best in the race, but failed to get any portion of the purse because of jockey Robinson's timidity, coupled with a slow break. The winner turned up in Palma Leaf, Joe Deibold, Nash and Bushy Head were about even choices in the closing dash, but the finish found all three unplaced, while Progressive took first money after a hard effort to dispose of Chartier, with Orperth pressing the pair closely at the end.

The activity of the stewards against rough riding continued and a ruling issued by them this afternoon debars jockey McTaggart from riding here during the next five days on account of his rough tactics in the closing race yesterday. Several other riders are being closely observed and unless their methods change they will find their vocation gone during this term of racing. The strict enforcement of the racing rules by the stewards is highly commended.

Today's attendance was of really good proportions considering the cold weather. Betting activities were on a par with the best day this meeting.

Mortimer Mahoney, who has been in charge of the betting enclosure, departed for his home in Baltimore this evening.

Martin Foley has little hope of getting Foot of Fortune back to the races in the immediate future and he will dispose of his stable here next week and retire from racing until next summer.

The track at Palmetto Park this morning was in good shape and the horses shown were:
Belamour—Three-eighths in 37.
Billie Baker—Half mile in 50.
Borax—Three-quarters in 1:20.
Briar Path—Three-quarters in 1:17.

JUAREZ HAS SOME MORE RAIN.

Track Conditions Suddenly Change While Program Is Being Run at Mexican Course.

El Paso, Tex., December 12.—A hailstorm with thunder and lightning, which is a rarity in this section, broke during the running of the second race at Juarez today. The hail came down so heavily that the ground was white. Rain then drizzled for the remainder of the afternoon. The patrons of the Jockey Club Juarez are well prepared against emergencies like this, for three big furnaces under the grandstand and in the spacious betting ring make it comfortable for all.

Yallaba, starting here for the first time and well thought of, made a runaway race of the opening dash. Ida Pinack, a long shot, with sixty to one against her chances got second place.

The third race was contested by a high-class field of selling placers and the winner turned up in Lackrose. Track conditions were changed by the storm and the time of the race was slow. The race was marked by quite a few mishaps, starter Cassidy failing to get his field away any too well. Pay Streak beat the barrier, the first horse to do so during the meeting, but his lead was of short duration, as Balzee soon raced up to him and jockey Taylor indulged in some rough riding, forcing Pay Streak to pull up abruptly. The remainder of the races were well contested.

Jockey Small became ill after the first race and cancelled his engagements for the rest of the day.

Jockey W. W. Taylor, on report of the patrol judge, was suspended for five days by the stewards.

T. D. SULLIVAN'S ESTATE A MILLION.

New York, December 12.—Ex-Corporation Counsel William B. Ellison, who has been appointed receiver of the estate of Timothy D. Sullivan to act with the executors in administering the affairs of the estate and in passing on the validity of claims, has announced that on each Tuesday he will summon creditors before him and by virtue of his power as a court officer will examine the claimants under oath. The first creditor to be examined was Emanuel Blumenstiel, a lawyer, who for many years was a political adviser of "Big Tim." Blumenstiel has a claim of \$19,718 as the balance due on loans aggregating \$25,000 made between 1906 and 1911. Mr. Ellison said later that the claim would be paid. He announced that the estate will amount to at least \$1,000,000 net, even if the total of \$700,000 in claims is paid.
